The total inside and outside plantation is more than the 40% of the plant area. We will continue to increase the fund for Plantation.	We have complied. Date of completion- 13.01.2023
7.	Concern about emission and Dust raised by Shri Jitendra Kumar Yadav, Shri Shiv Sahu Parshad, Shri Dinu Nisad and Shri Jitendra Singh	In our project very stringent Air emission norms are proposed. Most advanced Air Pollution control equipment based on Modern technology like Bag Filter of PTFE type, Fogging system, Mechanical sweeping machine will be used. Also, ESP of 03 Fields is used in our existing Captive Power Plant. The level of Particulate matter in the project will be maintained @ 40 mg/Nm³ instead of prevailing 50 mg/Nm³. SO_x and NO_x will also be kept under prescribed norms. The project therefore will not have any significant impact on the air quality in the surrounding area.	We have complied Date of completion- 05.05.2024

CER Fund Details

We have already spend Rs 11,20,282/- on completion of public toilet in Achholi Villge on dated 22.03.2024 against our commitment of Rs 10,00,000/- as made in 2022 in Public Hearing as mentioned in our EIA report for Corporate Environment Responsibility. As we have exceeded by Rs 1,20,282/- in our commitment made in Public Hearing for Corporate Environment Responsibility, so there is no left over fund as per Budget highlighted by us in Public Hearing as mentioned in EIA report for Corporate Environment Responsibility.

Though we are spending money in Environment Management plan every year as Corporate Environment Responsibility in our Plant premises.
